

Dive into inspired creation

About me

Experienced in web development, programming, and design, along with other diverse skills. Able to self manage during independent work and collaborative in team settings. Passionate about learning new things. Ready to contribute with enthusiasm and a strong work ethic.

Interest

Enthusiastic explorer of new games and an experimental culinary hobbyist. I also find inspiration in documentaries and web video/novel series which can offer new perspectives and allow me to delve deep into the subjects/ topics
